Footnotes

- (1) Based on the BLS Occupational Injury and Illness Classification System (OIICS) 2.01 implemented for 2011 data forward.
- (2) May include volunteers and workers receiving other types of compensation.
- (3) Includes self-employed workers, owners of unincorporated businesses and farms, paid and unpaid family workers, members of partnerships, and may include owners of incorporated businesses.
- (4) Persons identified as Hispanic or Latino may be of any race. The individual racial categories shown exclude data for Hispanic and Latino workers.
- (5) Industry data from 2003 to 2008 are classified using the 2002 North American Industry Classification System. Industry data from 2009 to the present are classified using the North American Industry Classification System, 2007.
- (6) Includes all fatal occupational injuries meeting this ownership criterion across all specified years, regardless of industry classification system.
- (7) Includes fatal injuries at all establishments categorized as Mining (Sector 21) in the North American Industry Classification System, including establishments not governed by the Mine Safety and Health Administration (MSHA) rules and reporting, such as those in Oil and Gas Extraction.
- (8) Occupation data from 2003 to 2010 are based on the Standard Occupational Classification system, 2000.

				2011	•				
		Event or exposure (1)							
Selected characteristics	Total	Violence and other injuries by persons or	Transpor - tation incidents	Fìres and	Falls, slips,	Exposure to harmful substances or	Contact with objects and		

Occupation data from 2011 to the present are based on the Standard Occupational Classification system, 2010. (9) Includes fatal injuries to persons identified as resident armed forces regardless of individual occupation listed.

NOTE: Totals for major categories may include subcategories not shown separately. Blank cells indicate no data reported or data that do not meet publication criteria. CFOI fatality counts exclude illness-related deaths unless

precipitated by an injury event.
